

About Barefoot Bay

About Barefoot Bay

Located in the southern end of Brevard County, Barefoot Bay is one of the largest manufactured home developments in Florida, providing carefree living to retirees and snowbirds. Whether you want to enjoy the best that Florida has to offer year-round or just during the colder winter months, Barefoot Bay Realty, Inc. can help you find a home to suit your needs.

Approximately 9,800 residents live in the riverside community of Barefoot Bay, enjoying the many activities and events of the community itself, as well as the diversity of the surrounding area.

Established in 1969, this unique community provides its residents with activities and events year-round. Whether it's dances, horseshoes, water aerobics, or just hanging out by the pool, Barefoot Bay's residents are always on the move. A centrally located community center is the hub of activity while an 18-hole, par-60 golf course provides additional outdoor recreation possibilities.

Short drive from "The Bay", the neighboring areas of Grant-Valkaria, Sebastian and the Indian River Lagoon all offer activities to keep you, and your visiting grandkids, coming back for more.

From seafood, to frog-leg festivals; to surfing, fishing, sky-diving and kite boarding. The areas surrounding your home in Barefoot Bay provide action for visitors of every age.

Visit our [Amenities](#) for more information about what Barefoot Bay has to offer.
